### STRONG FACTS!

A great many people are asking what particular troubles Brown's Iron Bitters is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

#### A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880.  
My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all. I cannot say too much in praise of it. Mrs. MARY E. BRADSHAW, 173 Fremont St.

#### Kidney Disease Cured.

Christiansburg, Va., 1881.  
Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him from Bitters with the happiest results. J. KYLE MONTAGUE.

#### Heart Disease.

Vine St., Harrisburg, Pa.  
After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief. Mrs. JENNIE HESS.

For the peculiar troubles to which ladies are subject, Brown's Iron Bitters is invaluable. Try it.

Be sure and get the Genuine.

## CALIFORNIA ITEMS.

R. Howard, an invalid, committed suicide in San Jose Thursday.

The barracuda fishing season has opened at San Diego, and large numbers of the fish are caught.

The sheriff of Yuba county has arrested in Sutter county Frank Mitchell, who shot officer Berry at Portland, Oregon, last October.

The contract for the construction of the Agricultural Pavilion at Sacramento has been awarded to Robert McKillican, of Oakland, for \$73,888.

The British Columbian government has received a dispatch from Ottawa of the intention of the Dominion government to establish an immigration office in Victoria to assist immigrants and to pay their passage to that province.

The Deer Creek Mining Company of Boston, owning the Deer Creek hydraulic mines, Butte county, have decided to stop operations and sell their property, owing to the hindrances put upon hydraulic mining by the sickens agitation.

A few days ago, about one mile from Deer Lodge, Montana, a newborn babe was found dead in a box by the roadside. At the inquest one Bills, an ex-Coroner, made remarks reflecting on a young lady of the village. This coming to the ears of her brother, he armed himself with a blacksnake and gave Bills a severe hitting.

Whiteby, a discharged employee of the Utah Northern Railway, entered the station at Eagle Rock, 1. T., at 2 o'clock, Wednesday, and called the stationer, W. B. Green, to the counter. After exchanging a few words, he drew a 44-caliber revolver, and fired three shots at Green, each of them taking effect and inflicting fatal injuries. Whiteby was arrested, and it is thought he will be lynched.

The trial of Jewell for the Lexington murder is progressing rapidly at San Jose, and without the delays consequent upon technical defense, which leads to the conclusion that Jewell has a positive defense prepared upon which he relies, rather than a negative one. The heart of McIntyre was produced in court, and the physicians who made the post mortem examination of the remains demonstrated the course of the bullet through the organ, and testified to the finding of a bullet in the body.

Weak lungs, spitting of blood, consumption, and kindred affections, cured without physician. Address for treatise, with two stamps, World's Dispensary Medical Association, Buffalo, N. Y.

For dressing the hair, and beautifying it when gray, nothing is so satisfactory as Parker's Hair Balsam. 16c per bottle.

If you are sick and troubled with dyspepsia use Brown's Iron Bitters. 30c per bottle.

TAILORING ESTABLISHMENT.

MY REPUTATION AS A TAILOR is already established. "The Boss Tailor" lives in all country towns. They advertise shop-worn auction goods; they dispose of cloths not saleable in the larger cities, and are continually trying to mislead their patrons by false representations. There is no exception to the rule: she has a "Boss Tailor," but look at a suit made by the Virginia street "Boss" and you will immediately see the point.

## MY STOCK

Is carefully selected. It is of the very best of Foreign and Domestic Manufacture and I am prepared to make suits of the latest style, cut from the finest goods, at prices never before equalled. My work speaks for itself. I guarantee a fit in every case. Call and examine my samples and prices. Leave your measure and be happy. Don't be misled by the "Boss." You will always regret it if you do. Before giving your order call at my shop and see for yourself.

## THE LESSON OF THE FLOODS

An eastern magazine says: The floods in the Ohio, which did such damage to the whole valley and destroyed so much property at Cincinnati and Louisville, emphasize the fact more than once adverted to in these columns, that the nation should not only put a stop to the waste of forests, but should take immediate measures to replant with trees the ground bordering on the headwaters of all our great streams. The Spring floods and the Summer droughts are, it is now well known, almost entirely due to the destruction of the forests on the borders of streams, and in the hill countries in which our famous rivers take their rise. Every year we now have disastrous floods either on the sea coast or the Ohio and Mississippi valleys. The individual States affected cannot attend to this matter. It must be done by the nation, or not at all. Not only property but life is often destroyed by these floods. Had the Ohio risen a few feet higher, both Cincinnati and Louisville would have been practically destroyed. The ancient Egyptians had gigantic works to prevent disastrous inundations from the rising of the Nile. Artificial lakes and reservoirs were constructed so that the water could be drawn off, and the land saved from destruction by the rising floods. It would be economy to spend \$100,000,000 in improving our internal waterways, but Congressmen are timid about appropriating money, in view of the odium heaped upon them by the press in connection with the last river and harbor bill. We have not only the largest sea-coast in the world, but our internal waterways are the most extensive on the globe. In spite of the clamors of the press, the nation will be forced to build the necessary levees and provide the dams and reservoirs which will prevent excessive flooding until such time as the newly planted forests shall be grown, which will put a stop to both floods and drought.

## USEFUL INVENTIONS.

There are numbers of people now living, says the *Call*, who will remember that fire to light a pipe or cigar was obtained by dipping a small sliver of wood into a vial filled with prepared phosphorus, which was carried in the pocket; or from a flint struck with a steel that caused it to emit a spark, which fell upon punk or tinder and ignited it; then came the invention of the lucifer match, which dispensed with the flint and phosphorus vial and is now popular throughout the entire civilized world. Next in importance among what might be called the trivialities; and which are yet proved of inestimable value, is the pin. How could people get along—particularly ladies—without the pin? It is as necessary to the toilet as the comb and brush, and far more so than the cosmetics which usually find a place there. Well, we do not find the name of the inventor who invented the improved match, but the man who gave the world the solid-headed pin was Jarvis Brush, who died at New Haven, Conn., some 10 days ago. The pin, before his discovery, had a wire head. It was he, also, who devised the plan of sticking pins into paper and selling them in rolls. Mr. Brush departed this life at the age of 86 years. He had lived during the life of every President since the existence of the Government. Kings and mighty warriors have flourished and passed away without leaving any such enduring record as does that of the inventor of the solid-headed pin to perpetuate the memory of Jarvis Brush.

## BAD WEATHER EVERYWHERE

Nevada is not the only country that has a late spring it seems. The *Ashland (Ohio) Times* says: The weather this week proves that it takes more than one hammock to make a summer, for last week we saw several of these barbers of warmer weather, and now the prospects are better for a sleigh ride than a swing underneath leafy boughs.

## DECAYING TEETH.

Dr. Franzius finds that the teeth most often affected by decay is the third molar, such cases forming one-half of the total number. The teeth begin to decay in a certain successive order, the lower third molar being first attacked, then the upper, then the lower fourth molar, and so on, the incisors and the canine teeth of the lower jaw being the last reached. The upper teeth are more durable than the lower in the proportion of three to two. The right teeth show a greater vitality than the left. The durability of teeth is less in light persons than in dark, and less in tall than in short persons. These results were obtained by an examination of 620 Russian soldiers, of whom 258 had bad teeth.

### The Best Time on Record for a Freight Train.

CHICAGO, May 4.  
 A special freight train which left here last night for San Francisco via the St. Louis & San Francisco road arrived at Halstead, Kansas, at 8 o'clock to-night, making the run of 497 miles in 21 hours and five minutes, the fastest time on record for the distance. From Halstead the train will go over the Atchison & Topeka road to Deming, thence by the Southern Pacific to San Francisco. The train consists of 16 cars, each carrying 40,000 pounds. Eleven of them are laden with tobacco from this city, and it is obliged to run through at the rate of 20 miles an hour.

### An Address from Princess Winnemucca.

BOSTON, May 5.  
 The Princess Winnemucca, of the Plute (Nevada) Indians, delivered an interesting address before a select company at one of the hotels last evening. She urged that the employment of Government Indian Agents was prejudicial. An agent of the army was by far the best peace officer. She also deprecated sending certain missionaries, whose practices were far from being in accordance with their preaching.

### Depression in Trade.

READING, Pa., May 5.  
 The Philadelphia and Reading rolling mills were shut down to-day for one week, on account of depression in trade and lack of orders. The puddlers at the Reading iron works, who had asked for an advance in wages from \$3.50 to \$3.75 per ton and were refused, have offered to return to work at the old rates if paid semi-monthly. The company holds the matter under advisement.

### A Thieving Charity Agent Found Guilty of Forgery.

PHILADELPHIA, May 5.  
 The jury in the case of Ellis H. Phipps, ex-almshouse superintendent, charged with forgery, after being out all night, returned a verdict of guilty this morning.

### TELEGRAPHIC BRUVITIES

—Chicago has five lepers.  
 —Another powerful tug has been chartered to search for the missing steamer Hapsburg.  
 —John Reber's trotting horse Mars, valued at \$2,500, ran away yesterday and killed himself at Lancaster, Pa.  
 —The societies of the Army of the James and the Army of the Potomac will consolidate at Washington, at the reunion, on May 16.  
 —At Hamburg five Socialists have been sentenced to imprisonment, one to three months for circulating a pamphlet slandering Bismarck.  
 —The Free Thinkers of the United States and Canada are invited to a general convention at Rochester, N. Y., beginning August 29 and lasting five days.  
 —The counterfeiters seem to be unusually active. A great deal has been heard lately of a wonderful counterfeit dollar, which, it is said, cannot be detected by its weight or ring.  
 —The Executive Committee of the Irish League last night endorsed the action of the Philadelphia Convention, and denounced the use of dynamite as futile and representing only personal warfare, and not any principle of Irish patriotism.

### An Old Affair Revived.

SAN FRANCISCO, May 4.  
 Gustave Raschke, one of the perjurers who testified in the famous trial of I. N. Kallach for the shooting of De Young that six shots were fired on the night of the murder, was surrendered yesterday to the custody of Sheriff Connolly by one of his sureties. It is stated that the surety was Miss Annie F. Kallach, sister of I. N. Kallach. Raschke's bond was \$3,000. He is now in custody and very indignant at his desertion by the Kallachs.

### Jubilant Miners.

SHASTA, Cal., May 5.  
 A very heavy rainstorm has prevailed all day. An immense quantity of water has fallen and miners are jubilant.

## WESTERN TELEGRAMS.

[PRESS DISPATCHES TO THE GAZETTE.]

### San Francisco Intelligence—What is Going on at the Bay.

SAN FRANCISCO, May 5.  
 It is definitely stated that the Baldwin theater has been leased to Hon. Murat Masterson of Arizona.  
 Six additional charges have been filed against Gray, the defaulting Harbor Commission Secretary. Judge Lawler has fixed bail at \$3,000 on each additional charge.  
 Claus Spreckels' denial that he had discharged all nine-hour men has been confirmed by the men themselves, who state that Spreckels, through his barrel-manufacturer, John Koster, graciously submitted to the reduction in hours.

It is rumored that the Central Pacific will build a branch to Knight's Landing, near the line of the old Vallejo road, and connecting with the California and Oregon road at Sacramento. The object is stated to be to control the transportation of grain from Sutter county, which now mostly goes by water.  
 The Central Pacific have now 3,000 men at work on the Oregon division. Work is being pushed rapidly forward, but the country is difficult, and construction slow. The Southern Pacific has begun the construction of a branch line from Aptos to Loma Prieta, to tap valuable red-wood forests.  
 The Knights Templar Committee announce that fifty thousand dollars has been subscribed by citizens to cover the reception expenses. The Central Pacific Company subscribed two thousand and W. T. Coleman & Co. twenty-five hundred dollars. Others subscribed large amounts.

To-day mails from the Southern States for California commence coming by the Southern Pacific instead of coming round by Omaha, as heretofore.  
 It appears that after the bull-terriers Wallace and Fly died from poison at the dog show on Wednesday night the bull-terrier Gypsy also died from similar poison. She was the winner of the first prize and belonged to A. B. Truman. The death of three valuable dogs under such circumstances will seriously hurt future shows unless the poisoners are hunted down and punished severely.  
 General McDowell goes east in a few days to act with the Board of Visitors just appointed to inspect and report upon the Naval Academy at Annapolis.

It is announced that a railroad will be built from Oakland to Piedmont, doing away with the horse-car line. A real estate movement is reported in connection with the building of the road.

### News From the Apache Country.

TUCSON, A. T., May 4.  
 The Star's special advice from San Carlos says that Sage, chief of the scouts, states that two Chiracuhua Apaches have just arrived from Mexico and he had a long talk with them. "They tell me that Charley McComas still lives, is well, and in care of chief Bonita. They say the boy 11 days ago and say he is made a pet amongst all the Indians. He goes by the name of Charley among them. They say if troops don't surprise their camp Charley will be brought in alive."  
 Sage states further: "From what I can find out through them the Indians are going to try to make peace and use Charley McComas as the means to be allowed to come in. Loco's band has split up and out loose from Juh's. They want to come in, but Juh says he will never surrender."

### Repeal of Blue-laws.

## FOREIGN TELEGRAPH.

[PRESS DISPATCHES TO THE GAZETTE.]

### Looking Out for Nihilists.

ST. PETERSBURG, May 5.  
 It is believed the authorities of Moscow have been invested with the power to arrest a number of persons who have been acting suspiciously in that city and to detain them until the coronation of the Czar has taken place. Much ill feeling exists in some regiments of the army, owing to the fact that rewards are being offered to the press to induce them to denounce any of their comrades who are known to be Nihilists.

### Earthquake in Persia.

LONDON, May 5.  
 A dispatch from Tabreez, Persia, reports that the city has been visited by an earthquake, which destroyed a great many houses and caused the death of a large number of persons.

### Austrian Bakers Take a Hand at Banning Things.

VIENNA, May 5.  
 Little progress has been made towards adjusting the grievances which caused the bakers' assistants here to go on a strike. Last night a thousand strikers engaged in rioting

at their assembly rooms. The furniture was destroyed and windows broken. The rioters then threw up barricades in the street to enable them to resist the police, who had been summoned to quell the disturbance, and who had a difficult time in subduing the infuriated mob. Simultaneously with this outbreak a demonstration was made at another point in the city by four hundred more strikers, who attacked the building occupied by the Bakers' Association, the doors and windows of which they broke. Both parties of rioters were finally dispersed.

### Not Dynamite This Time.

PORTSMOUTH (Eng.), May 5.  
 An explosion occurred in the giant powder magazine in Portsmouth harbor. The building is completely demolished, and it is reported that two persons were killed and a number injured, four of whom died this morning, making the number of deaths six.

### Will be Tried Again.

DUBLIN, May 5.  
 Fitz-Harris will be tried as accessory to the murder of Burke and for the murder of Cavendish, by a special jury. An entirely new jury panel will be summoned.

## NEW TO-DAY.

**Welch's Comedy Company.**  
 Will appear at Reno this evening (May 5, 1883). Two hours of solid laughter. Appearing in new specialties, songs, sketches, acts, farces, etc. All good and original. Don't fail to witness this, the best show traveling. Standard prices of admission.

## THAT SETTLES IT.

Brought Into Competition With the World the Best Carries off the Honors.

At the great Centennial Exhibition of 1876 the leading products of all the branches of the world's industries were assembled at Philadelphia. To carry off a prize in the face of that tremendous competition was a task of no ordinary difficulty. Inventions and preparations for the alleviation of pain and the cure of disease were present in the greatest variety, representing the skill and the profoundest study of the age, and it may be of vital importance to you personally to know that the highest and only medal given to rubber porous plasters was awarded to the manufacturers of BENSON'S CAPCINE POROUS PLASTER, by the following jury:  
 DR. WM. ROTHE, Surgeon-General Prussian Army.  
 J. H. CAMPBELL, A. M., M. D., Washington, D. C.  
 C. B. WHITE, M. D., New Orleans.  
 ERNEST FLEISCH, M. D., Austria.  
 The decision was afterward confirmed by the medical jury at the last Paris Exposition. Knowing the value of such high and unbiased testimony, the medical profession, both in the United States and Europe, quickly threw aside the old, slow-acting plasters they had been using and adopted Benson's as their regular practice. That physicians and surgeons of the broadest reputation did this distinctly proves the intrinsic merit of the article. It is not more than just to add that the average physician of to-day is not dominated by the prejudices which retarded the progress and modified the success of his predecessors of not more than twenty-five years ago. He accepts hints from all quarters and endorses and adopts demonstrated healing agents wherever he finds them.

The right of Benson's Capcine Porous Plaster to stand at the head of all external applications whatsoever, for the mitigation or cure of disease, is no longer questioned.

Let the purchaser, however, be on his guard against imitation. The genuine has the word CAPCINE cut in the middle. Seabury & Johnson, Chemists, New York.

## IRON RANCH FENCE.

The boss ranch, farm and vineyard fence is now in the market. It is built with iron posts and barbed wire; the post being made of wrought and cast iron. The top of the post is made of one-inch gas pipe and pierced with holes through which a plain wire is inserted, which fastens the barbed wire to the post. The post is cast with three flanges and is twenty-one inches long. The flanges render the post immovable when inserted in any soil.

These posts are placed two rods apart with an iron stay between, and there can be any number of wires and any kind of wire used.

Three men can build one mile of fence per day on good ground.

Fire cannot burn or injure it; cyclones will not move it, and floods cannot wash it away.

I sell fence loaded on cars in San Francisco at \$1 per rod for three-wire fence, and \$1.25 for five-wire fence complete, and to agents at reduced rates which enable a good live man to make from \$100 to \$500 a month on an investment of a small capital in territory, and any one wishing to purchase any county, State or Territory, can get a bargain by calling on or writing me of his desire.

Just received the newest shades of velvet and satin reversible ribbons and numerous other fancy articles at I. Barnett's.

A clean shave and a good swab-off makes a man feel like a thoroughbred. Call on Johnny Belz, and get him to fix you up.

Last night Wm. Hope shipped 16 car-loads of cattle to Moffitt Bros., San Francisco, and Louis Dean sent five car-loads to Stockton. Barney Horn will ship 16 cars to-morrow to Horn & Chapman.

Coleman & Pechner are princes in their profession, for the reason that they are experts. Their bath-house is the only one in Reno, and is first-class in all respects. A man can make himself as good as new by shaving and bathing in their establishment.

Charley Thrall of the V. & T. feels very big just now. Yesterday his wife presented him with a bouncing boy that sang out "all aboard" as soon as he saw daylight. The railroad men will hold a convention in a week or two to select a name for the youngster.

Arkansas has doubled her population during the past 10 years. There are many Yankees among the new comers, and if all of them wear such good clothes as can be found at the White House Arkansas is a well dressed community. Abrams Bros. carry a splendid stock of fine clothing.

Chelovich & Co. are enjoying a fine trade both at home and abroad. They have been attentive to business, and treated their customers well. In this manner they have made friends and patrons. A call at the Wine House will convince one that its wholesale and retail departments are complete.

New Orleans has the best fish market in the country, San Francisco the best fruit market, meat is cheapest at Chicago, and the best general market in the world is on the Delaware and Chesapeake Bay, shared by Philadelphia and Baltimore. But some of the best beer in the country is George Becker's Pacific brewery product. Go and see if it isn't. He serves it to customers with a free hand, whether they have money or not; but it is always best to have money.

SWEETWATER.

A District too Near Home to be Appreciated.

There is considerable talk about the mines in the Sweetwater mountains, located about 75 miles south of Carson, and 40 miles this side of Bodie. All the mines that have been opened make an excellent showing. The Summers is a bonanza already, and no doubt there are others just as good. All that is needed is capital to open the ground and build mills. Dr. Summers arrived at Carson day before yesterday, with six bars of bullion, worth \$7,000, which he deposited at the mint, the result of a nine days' run of a five-stamp mill, which is about the regular output of the mine. There is one obstacle that Sweetwater has to contend against, and that is, it is too close to civilization. If it were away off in Arizona, where the Apaches had a lien on the scalp of every prospector, there would be a great rush to the district.

Pyramid Mine Election.

The Trustees of the Pyramid Lake Mining Company (formerly the Jones & Kinkead) met to-day and organized by electing C. Derby President, Gov. J. H. Kinkead, Vice President and Pierce Evans Secretary. The Board is composed of C. Derby, A. Evans, J. H. Kinkead, D. L. Bliss and R. M. Clarke. Parties owning stock not previously sold for assessment can come in pro rata with Alvaro Evans and C. Derby by paying them back what money the company owes, to the amount of stock they may hold.

Feracy's Dance.

Those who want to have a good time will go to Prof. Feracy's soiree to-night. These parties are always pleasant, and all who attend can be sure of spending the evening well.

OPIUM.

The Enervating Drug in a New Form for Those Who Smoke It.

There are few persons outside of those in police circles and dealers in articles consumed by opium smokers that are aware how widespread is the use of this noxious drug. Druggists can tell of the numerous calls for it in liquid and powdered forms, and the police have only a partial knowledge of the number of places where opium smoking is surreptitiously carried on, says the Call.

Cigarettes impregnated with the fumes of the drug have long been sold, and in this way the habit of opium-smoking has often been unconsciously acquired. If the several forms mentioned in which the drug is made to supply the demand were not enough, another and more insinuating, at the same time as innocent in appearance as any, has been introduced. Probably some of the readers of this item have recently seen small, elegantly-made boxes an inch or an inch and a half wide by two inches long filled with the tiniest of cigars—toys cigars they look like—much better made than the larger article.

If curiosity had prompted an examination these little cigars would have been found to have been made of the best tobacco and very fragrant scented. These small specimens of the cigars-makers' craft is the new form in which the appetite for opium-smoking is indulged in a more open manner than it can be usually followed by the devotees of the pernicious habit. Opium is too costly to be mixed with the tobacco of these small cigars, but it is there, and it is a question if it is not in a more poisonous shape than when used in the way of a liquid such as laudanum, or a powder, or in the usual nasty form.

The tobacco—and good tobacco is used—is put in a brazier and held over burning opium until the weed is thoroughly impregnated with the fumes of the drug, and it is a question if it is not stronger thus smoked than when inhaled direct from the pipe. Those who know the terrible effects of drinking anything from a glass "smoked" with tobacco smoke can probably appreciate the strength of these innocent-looking small cigars when saturated with the fumes of opium.

These cigars are not sold by tobaccoists, and are difficult to get even by those who use them. They are sold on the quiet, so it is said, by Chinamen who are strictly "no sabee" to any one they are not certain of. Two sizes were shown the writer—one an inch long and over an eighth of an inch in diameter, the other nearly half an inch longer and proportionately thicker—both kinds well made. A small mouth-piece, similar to a cigarette-holder, accompanied the box, which contained fifteen cigars.

PERSONALS.

D. L. Bliss was in town this forenoon.

Ex-Governor Kinkead was in town to-day.

D. B. Nye has returned from his southern tour.

E. V. Spencer, Susanville, is in from the north.

Mrs. W. A. Wimer is quite ill.

Miss Josie Barnes came down from Susanville last night on a visit.

Max Schneider, a skillful artist, has joined Cook in the photograph gallery.

R. Martin, Postmaster and merchant at Summit, went to San Francisco last night.

Register Andrew Miller of the Susanville Land Office came up this morning from the Bay.

The demurrer in the case of A. B. Evans vs. Alvaro Evans was argued and submitted to the District Court to-day.

Herbert Thrall had a good send-off last night, when he went west to assume duty in the postal department. There were many friends to bid him good-by.

H. F. Rohrs, one of Reno's well known citizens, is back from a visit to Ohio. He says he was well treated, had a good time and came back hale and hearty.

W. R. Chamberlain left for Salt Lake this morning. When he returns he will be able to tell a good deal about the inside of Mormonism.

Welch's Comedy.

The Silver State says of Welch's Comedy Company: This troupe gave an entertainment at Centennial Hall last night and kept the audience in the best possible humor for two hours. Welch is a genius and one of the best character delineators that ever traveled on this coast, and his entertainments are much better than many of the large and more pretentious shows. They appear at the Nevada Theater to-night; admission 50 and 75 cents.

The Dog Poisoner.

Some miserable sneak poisoned Phil Matthews' fine hunting dog and a lot of his chickens last night. This throwing poison around the streets is cowardly, and none but a dirty cur would be guilty of it. If he is caught he will receive a merited thrashing. If Matthews had found him this morning his hide would have been perforated with split peas, or something harder.

An Old Friend Sent For.

The vestrymen of Trinity church have offered the pastorate to Rev. Wm. Lucas, who is now at Monroeville, Ohio. Mr. Jenvey will leave on June 11th for New Jersey.

CATTLE SHIPMENTS.

The Amount of Food Sent to California from Reno.

The following shipments of cattle have gone over the mountains this season. There were none made before December. The total shipments were 422 cars, containing 7,878 head, all of which were for food, except 20 head of work oxen that went to S. C. Chase, Sacramento. San Francisco absorbed 285 cars, 7,334 head; Stockton, 18 cars, 345 head; Sacramento, 4 cars, 58 head; Dutch Flat, 6 cars, 13 head. The amount shipped in the different months were:

Month	Cars	Head
December	36	674
January	54	1,054
February	101	1,825
March	93	1,850
April	138	2,475
Total	422	7,878

The consignees were:

The consignees were:		Cars.	Head
Hayes, Carriek & Co.	139		2,413
Horn & Chapman	19		349
Grayson, Howell & Co.	130		2,396
Poley, Hellbron & Co.	12		231
H. Fish	5		100
Miller & Lux	10		187
Schubert, Beale & Co.	5		90
J. Scheenfield	11		230
Emerson & Co.	14		256
Brandenstein & Co.	10		187

S. C. Chase & Co.	2		38
A. R. & A. J. Cook	2		38
L. Dean, Stockton	18		345
C. Cler, Dutch Flat	2		45

In addition to these there were 204 head of hogs and 591 head of sheep. Estimating the beef cattle at \$40 per head, these were worth \$384,570. This money did not all go to the cattle raiser, but was used to buy hay to feed, to pay herders and in other ways that helped this county materially.

THE KNIGHTS' DANCE.

A Pleasant Evening With Amity Lodge, K. of P.

The members of Amity Lodge, No. 8, K. of P., entertained their friends last evening at their hall. Several noted Knights from other towns were present, among whom a GAZETTE reporter noticed Geo. H. Morrison, Virginia, Grand Chancellor R. B. Mitchell, Lieutenant Governor Loughton, and many others. After an hour or two spent in listening to interesting addresses made by Messrs. Mitchell and Morrison the hall was thrown open and dancing commenced, and was continued until 1 o'clock, when the guests adjourned to the Palace restaurant, where a sumptuous lunch had been prepared. Everyone present enjoyed the evening highly, and Amity Lodge made many new friends. It was the unanimous vote that the members of that excellent Order know how to treat strangers to make them enjoy an evening. No. 8 is one of the best, if not the best lodge in the State. The members have been carefully selected from the best material in this county, and one cannot visit them without being favorably impressed with the Order.

Nate Roff, W. L. Bechtel, H. J. Thyes and J. T. Davis as the Committee of Arrangements; C. T. Bender and R. Smith as the Reception Committee; Wm. Goeggel and Lisle Jamison as Floor Managers, and H. J. Thyes as Floor Director, are deserving of great credit for the manner in which they provided for the enjoyment of the Knights' guests.

LASSEN ITEMS.

Culled from the Columns of Our Susanville Exchange.

The following items are taken from the Advocate of May 3:

Joseph Taylor, proprietor of the Bieber and Susanville stage line for a number of years, will soon leave for Washington Territory, where he will in the future make his home.

Dakin & McClellan of Janesville are continually shipping large quantities of flour to Reno.

A movement is on foot to have a Fourth of July celebration at Susanville. A prominent speaker will be employed, and every effort will be exerted to make the celebration of our natal day a grand success.

T. R. Epley of Buntingville met with an accident last week in which one of his legs was broken. He, with a number of men, were performing a surgical operation on a colt, and while in the act Mr. Epley was kicked, breaking the leg above the knee.

Yankee Dodge's Broadside Into Dead Beats.

Dodge is about to leave Reno, but before doing so he proposes to give the merchants of this town the benefit of his experience, so that they, as well as others who may come after him, may not fall into the same trap. Horace Greeley told what he knew about farming, and Dodge proposes telling what he knows about store-keeping—who to trust and who not to trust. He has names of parties who, he says, are chronic dead beats, among the number being some who he considered his friends; others who have swindled every new comer for years. He has them all classified, and will give their names for the benefit of business men.

WADSWORTH ITEMS.

Small Scraps of Interest from the Round-house Village.

WADSWORTH, May 4, 1883.

No doubt the people of Reno would like to hear of the doings around the little round-house village of Wadsworth. The round-house is going up in full blast, but it will take until late in the Fall before it will be ready to occupy.

To show you that our people are alive I may state that they have now organized a lodge of "Knights of Honor," with 20 charter members, and plenty to come in when the lodge is instituted, which will take place about the 21st of the month.

The weather down here has been very unfavorable for building purposes, but nevertheless everybody is happy.

An unfortunate occurrence took place here this morning about 3 o'clock; a one-legged tramp came here from Reno on No. 7 train, and getting hilarious from too much liquor, was taken to the calaboose about half-past 11 o'clock, and at 3 o'clock this morning a fire was discovered in the jail, and before anyone could be done the unfortunate tramp was almost burned to a crisp. By papers found on his person his name is John Hayes, a discharged soldier from the First Texas regiment. A Coroner's inquest was held, and the body buried this afternoon. It was a sad affair.

All the old-timers are here yet, and doing as well as could be expected under present circumstances.

Old Jake Lewis is somewhat hot over an item published in our paper last week, in regard to two Wadsworth gentlemen, who, it was alleged, were too tired to sign their names properly in the Palace Hotel register. Jake says, "If his head and feet get tangled up his fingers never do, as many a Renoite can testify." DOUBLE-HEADER.

ENJOYING THEMSELVES.

The School for Girls On a Picnic Excursion.

Bishop Whitaker to-day gave the young ladies of his seminary a holiday. A special car conveyed a swarm of youth and beauty to Steamboat Springs, where they will picnic. The rain may tend to lessen the enjoyment of the occasion, but the humor the party was in as it left the depot this morning is sufficient evidence that they will have fun, and plenty of it. Following is a list of the names of those who served to make Steamboat look like a metropolitan watering place to-day: Bishop and Mrs. Whitaker, Mr. and Mrs. Jenvey, Mrs. G. Vosburg, Misses Sanford, Chester, Reed, Qualiffe, Sumner, Cara, H. Lewis, M. Roff, Grippen, E. Longabaugh, C. Melly, S. Dun- kile, L. Ranous, M. Grippen, C. Schooling, E. Neale, A. Mason, C. Manning, K. Grippen, E. Smith, B. Brown, L. Lewis, A. Becker, J. Lewis, L. Sissa, N. Smith, N. Lewis, A. Crutcher, A. Kaiser, L. Ludlow, M. Hopkins, I. Holland, M. Pech- ner, J. and H. Vosburg, L. Jennings, G. Shoemaker, B. Boardman, G. Strong, M. and N. Strong, M. Peters, M. and A. Franklin, E. Baker, M. Atchinson, J. Williams, M. Sabine, C. Blakelee, A. and H. Rowland, I. Jones, E. Phillips, M. Bladell, I. Pullman, G. Williams, F. Northrup, Leona Ranous, J. Peterson, E. Evans, S. Jones, L. O'Donnell, C. Harrison, J. Clark, Miss Grace Dowdell and Miss Carrie Webb came down from Carson, also Rev. Geo. Eastman from Virginia.

The picnicers will return to Reno at 6:30 this evening.

MILLIONAIRES.

How Poor Men Manage to Crawl Up in the World.

A special car which came in with the tea train Thursday night and laid in Reno over night, carried S. S. Merrill, General Manager of the Milwaukee & St. Paul road. A good story is told of Alexander Mitchell, the President of that road. Mr. Mitchell is said to be worth \$15,000,000, and he has in Scotland, whence he came, a schoolmate who is said to be worth \$40,000,000. It is related that the two met in France a few years ago and spent the day together. The Glasgow man paid all the bills. At the close of the day, when the two sat down to dinner, the Glasgow banker pulled out a card, and turning to Mitchell he said, "Sandy, you owe me \$1.85." This was Sandy's share of the expense. Mr. Merrill was a common shoveler in a gravel pit less than 80 years ago when the road was only a few miles long. He had a row one day with the foreman, and said: "Old man, I'll be running this road some day, and I'll chalk your line for you." He is a man of temper, and when he gets riled uses worse language than old Horace Greeley did.

To all who are suffering from the errors and indigestion of youth, nervous weakness, early decay, loss of manhood, etc. I will send a recipe that will cure you FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City.

ICHI BAN doubled in size is the largest Japanese sale exhibition in the world. Shattuck & Fletcher export their printing inks to Japan, receive Japanese goods in return, pay for their advertisements with printing ink, and this is why Ichi Ban exists on low prices. Logical, isn't it? Wholesale and retail. Goods for every branch of country and retail trade. may14
